

		Contractor 1	Contractor 2	Contractor 3
<b>Workmanship Guarantee</b> SIMS offers a full ten year workmanship warranty.	✓			
<b>Payment of Subcontractors</b> Your deposit is used to pay any subcontractors upon completion of their part of the total project. No risk of contractor's liens in the future.	✓			
<b>Trained &amp; Certified</b> All SIMS craftsmen have long-term relationships with SIMS and are factory trained and certified.	✓			
<b>Quality Control</b> All project managers are craftsmen in their own right. The bottom line is, from quote to project completion, your project is overseen by a skilled craftsman.	✓			
<b>Troubleshooting</b> As part of the quoting process, SIMS review your ventilation system, structural integrity, and chimney integrity to ensure proper functioning and protection of related warranties.	✓			
<b>Permits Pulled</b> SIMS pulls all related permits to help maintain production timelines and to protect homeowners from liability issues. The person/company pulling permits is responsible for personal injuries related to worksites.	✓			
<b>Project Continuity</b> When we are on-site, we are there until the project is completed. What is planned is what is done with no breaks in the process.	✓			
<b>Project Comparison</b> Each activity, fixture and quality control check is listed for your benefit. Use your SIMS quote as the standard to judge the value of other quotes. Odds are you will be pleasantly surprised.	✓
